address: 770. Slavna Brdska Brigada bb  
70220 Donji Vakuf

Company "Slovenka d.d. Donji Vakuf" was founded in 1983 in Donji Vakuf. Slovenka employs 68 workers and produces women's apparel mostly in the so-called "lohn" production of which 90% for export to well known customers. 10% of production is intended for domestic market and is realized in their own commercial network. Slovenka is equipped with modern machines which guarantee the quality of products., and almost 30 years of existence is a sufficient guarantee for the successful operation and products quality.

The goal of the company is to increase the share of finished products for domestic and foreign market and to expand cooperation with companies from the region (Serbia, Macedonia, Bulgaria) and the EU in the area of production, markets of other countries, materials and equipment procurement and design development.

Their own infrastructure allows the expansion of capacities with relatively small financial investment, which is an advantage in comparison to other companies. On the other side, favorable conditions of investing in B&H are very attractive for partners and investors from other countries. The employees in Slovenka are well trained and have industrial culture, which is very important. The closeness to EU makes B&H definitely interesting country for investment.
