Viteks-DE was founded in the beginning of 1998 an ownership of the Family Ilievski. The Process of managing is divided by Mr. Vancho Ilievski (Textile engineer) Ms. Stojanka Ilievka (Textile Confection), Mr. Dalibor Ilievski (Production engineer) and Mr. Emil Ilievski (magister for economics).

Our company produces woman skirts and trousers. We have 180 employers. Monthly capacity is between 25 – 30.000 pieces, depending of the models. We offer personal work spaces from 1550m² with 2 big workshops, warehouse space and personal offices. We can give spaces for logistics and we are interested in joint production and mutual co cooperation. Type od business is 100% CMT.

The main virtue of the Company Viteks-DE doo Delcevo is production of women clothing. The process of production has been formed by technological process in all fazes which are :

- Modeling
- Modesting
- Sewing
- Ironing

- Packing

The vision for the future development is been forwarded through seeking better ways for bigger prosperities in every domains, which adds better organizations , better quality and of course Bigger Success.
